 - First-ranking, senior secured over all business assets and cash flows
 - 3.5x Net Debt/EBITDA ratio
- The investment team continues to see a strong pipeline of qualifying borrowers and remains highly selective, particularly given current market conditions

Fund Status

As an opportunistic strategy, applications will open when new deployment opportunities arise. We currently expect to open the Fund for applications in June 2026.

Interested investors may also consider the [Rixon Income Fund](#) in the first instance, as it accepts monthly applications and offers a meaningful interim return.

Rixon Income Fund holdings may be transferred to the Rixon Credit Opportunities Fund when it opens for applications. Please note that due to strong demand, inter-fund transfers will receive a priority allocation.
